

Sharing Learning Intentions with students

Why are we doing this?
How will it help you make progress?
How will you know that you have been successful?

Working together with a clear purpose

Using questions that challenge and move students forward

How did you work that out?
Hands down strategies
Wait time

Always looking for ways to improve

Using feedback that moves learning forward

Clear criteria for success
Revisiting work to make improvements

Remember that everyone learns in different ways

Using Peers

Peer marking
Peer tutoring
Gallery walks

Pursuing our personal best no matter who we work with

Self reflection

Reflection Logs
Self-monitoring against rubrics

Having the resilience to improve our work
